

Make 2023 the Year for Boosting Your Career Value as a Certified Performance Improvement Facilitator™

Certified Performance Improvement Facilitators guide stakeholders to collaboratively address complex challenges and set and meet goals for mutual benefit.

Provides neutral facilitation for success for all

Avoids common traps and pitfalls

Uses proven standards, practices, processes, and tools

Supports fidelity of implementation and sustainability

Benefits of PIF Training and Certification for:

Individuals

✓ Apply learning directly to on-the-job performance with coaching and tools.

✓ Benefit from social learning with other professionals to solve challenges.

✓ Demonstrate correlation of learning and application to targeted results.

✓ Earn a portable, globally verifiable credential.

Employers

✓ Participants apply their learning and tools immediately on the job.

✓ Participant access a network with diverse expertise.

✓ Participants master how to guide groups to solve complex challenges.

✓ Participants produce ROI for development, time, and efforts.

See Page 2 for more information. The most common response of participants is to ask why they have not had this training sooner. Some have called it their career capstone!
