Certified Performance Improvement Facilitators

Become a skilled guide for Collaborative Improvement, Innovation, and Implementation. Boost your career and your organization, while solving critical challenges.

Solve Talent Challenges

- CPIF guide stakeholders in student success, workforce development, and economic development to learn together, set and meet shared goals, and use proven processes and tools.
- CPIF help employers access the right talent, while helping educators and other stakeholders guide students to develop the interest, skills, and attributes to succeed in learning, career, and life. Everyone wins!

Support stakeholders to

- Learn from each other how to "pick the locks" in the talent pipeline.
- Analyze the factors impacting their goals for mutual success.
- Recognize the "black swan talent event" and shift to mitigate and recover.
- Learn how to work together efficiently and effectively.
- Solve their complex, systemic challenges.
- Set and meet shared goals for mutual success.
